SUMMARY

Inquisite First year computer engineering student open to learn new things and explore the beautiful world of engineering. Eager to contribute, develop professional skills and gain practical experience in fields like Robotics, Automation, AI and Machine learning
Ready to give everything it takes to complete the given resposibility and open to learn new softwares.

EDUCATION

**ICSE - 98%
(Smt sulochanadevi Singhania School)**

**HSC - 87%
(SSKT College of science and commerce)**

SEMESTER 1 SGPI - 9.81

MORE ABOUT ME

Hobbies:

- Played District level Badminton
- Musician

Involvement in social activities:

- Been a part of Robinhood army Thane (which helps underprivileged kids by providing them with food / clothes / stationary, etc)

Interests

- **Web Development**
- **Game Development**
- **Artificial Intelligence, Robotics**
- **3D Modelling**
- **DIY projects**

TECHNICAL SKILLS

- Familiar with C++, Python programming languages
- Learning CAD software to model and 3D print custom parts
- Blender
- Basic knowledge of engineering principles
- Operating systems (macOS, windows)

SOFT SKILLS

- Problem solving
- Critical thinking
- Communication
- Leadership
- Team Management
- Team Building
- Time management
